A TRUE X. FROM A TO Z.

GO YOUR OWN WAY: WITH EVERY MILE YOU DRIVE, THE BMW X3 MEANS THAT ANY GOAL CAN BE ACHIEVED WITH ABSOLUTE WILLPOWER AND COMPLETE SELF-ASSURANCE. WHETHER YOU'RE ON THE ROAD OR OFF THE BEATEN TRACK, WHETHER IT'S THE CITY OR THE COUNTRY, A PERFECTLY BALANCED VEHICLE BODY AND INTELLIGENT ASSISTANCE SYSTEM GUARANTEES DRIVING ENJOYMENT AT ALL TIMES. CUTTING-EDGE TECHNOLOGICAL COMFORTS ALSO PLAY THEIR PART: AN INNOVATIVE OPERATION CONCEPT WITH OPTIONAL GESTURE CONTROL AND UNIQUE CONNECTIVITY MAKE SURE FREEDOM IS THE MULTISENSORY EXPERIENCE IT'S MEANT TO BE. **INDEPENDENCE TIMES X – IN THE BMW X3.**

BMW EFFICIENTDYNAMICS.
LESS EMISSIONS. MORE DRIVING PLEASURE.

www.bmw.co.uk/efficientdynamics

MORE POWER FROM LESS FUEL.

More power from three to twelve cylinders. Consume less, experience more – the **BMW TwinPower Turbo engines** offer the greatest possible dynamic performance with the greatest possible efficiency thanks to the newest injection systems, variable output control and sophisticated turbocharger technology. Whether diesel or petrol, and no matter how many cylinders, the engines from the BMW EfficientDynamics engine family allow more agile power delivery and outstanding responsiveness even at low rpms, while being fuel-efficient and low in emissions.

MORE DRIVING PLEASURE, LESS EMISSIONS.

BMW EfficientDynamics includes not only the engine and drivetrain, but rather the whole vehicle concept, including intelligent energy management. Provided as standard in every BMW, a variety of innovative technologies contribute to continuously improving efficiency. Via engine efficiency measures, electrification, lightweight construction methods and optimised aerodynamics, BMW is striving to reduce the CO₂ emissions of its fleet.

MORE SPEED, LESS WEIGHT.

Lower weight with intelligent lightweight construction. Special consideration for every last detail – intelligent lightweight construction means that the optimal material is found and implemented for each part of the vehicle. With extremely light high-tech materials such as aluminium and carbon fibre, **BMW EfficientLightweight** is pursuing the goal of minimising vehicle weight. That leads to even more dynamic performance, increased stability and heightened vehicle safety and comfort.

LIGHTWEIGHT CONSTRUCTION.

Intelligent lightweight construction at BMW means using the right material for the right parts of the vehicle. For every single component, the most suitable material is selected. This philosophy, also known as BMW EfficientLightweight, is now integral to BMW EfficientDynamics and applied to every BMW.

AERODYNAMICS.

With targeted measures focusing on aerodynamics, BMW has optimised drag coefficient and efficiency as well as interior acoustics. Fuel consumption has also been reduced. The Active air stream Kidney grille, the Air Curtain on the front wheels and the Aero wheels are all targeted and detailed measures to further reduce air resistance.

DRIVE PERFORMANCE CONTROL.

The Drive Performance Control lets the driver choose between the standard Comfort mode, ECO PRO mode, geared towards efficiency, and Sport mode, which enables even more dynamic driving. When the optional Adaptive Suspension is selected, the Adaptive Mode function becomes available. It adjusts the Adaptive Suspension, steering and the Steptronic transmission to suit the current driving situation.

IN THE BMW X3.

REGISTERS UP TO **360** DEGREES OF THE VEHICLE'S SURROUNDINGS.

Enjoy the greatest convenience and the highest level of safety with BMW ConnectedDrive. For driving, parking and visibility, the BMW ConnectedDrive driver assistance systems are there when you need them, reliably, in every situation. The most cutting-edge systems, such as radar, ultrasound and cameras, dependably register the vehicle's surroundings, forming the basis for intelligent driver assistance systems. Whether activated when desired, or as emergency assistance in the background – the assistance systems from BMW ConnectedDrive make every drive in your BMW safer and more convenient.

CONNECTED FOR OVER **20** YEARS.

Focused on the future – from the very beginning. By the 1990s, BMW had already made headway in connected mobility. Another milestone of the digital future was surpassed in 2004 with vehicles with built-in SIM cards. Then came the first online functionality, Google Services and innovative display systems such as the BMW Head-Up Display. Throughout this process, the desires of the customer have always taken centre stage. In a first for a premium automobile manufacturer, BMW makes it possible to book and pay for services flexibly via the BMW ConnectedDrive Store, in the vehicle or on a computer at home. And with the introduction of BMW Connected and the Open Mobility Cloud, BMW is taking the next steps into the future of mobility.

MORE THAN **20** SERVICES IN THE BMW CONNECTED DRIVE STORE.

ConnectedDrive Services forms the basis for intelligent BMW ConnectedDrive functions, as well as for the integration of selected smartphone apps. This equipment also provides access to the BMW ConnectedDrive Store, in which services and apps can be ordered or extended any time and anywhere to suit the user's individual requirements – for example with Concierge Service or Online Entertainment, which can turn every drive into a convenient and entertaining experience.

IN TOUCH **24/7** WITH BMW CONNECTED.

What would it be like if you were never late again? What if your BMW already knew your preferred destinations? How would you like reliable navigation, whether you're sitting in your vehicle or not? BMW Connected provides you with the information you need, when and where you want it. BMW Connected is a personal mobility assistant which facilitates your everyday mobility and aids you in reaching your destinations relaxed and on time. With the BMW Connected app, mobility-relevant information such as recommendations for optimal departure times are available via a smartphone or smartwatch and can be seamlessly transmitted to the car.

DRIVING ASSISTANT PLUS.

Driving Assistant Plus¹ offers greater comfort and security during monotonous or complex driving situations. These can include traffic jams, stop-and-go traffic or long journeys through the city, on country roads or motorways, along with navigating junctions and lane changes.

ONLINE ENTERTAINMENT.

Via the integrated Infotainment system, Online Entertainment¹ offers constant access to more than 30 million music titles from Napster or Deezer. In addition, the music is available wherever listening is convenient. Every other supported device also has access to the music titles, even outside of the car. Easily and conveniently.

BMW HEAD-UP DISPLAY.

The full-colour BMW Head-up Display¹ projects all information relevant to the journey directly into the driver's field of vision, thereby allowing them to fully concentrate on driving. Information such as the current speed, navigation directions, Speed Limit Info including no-overtaking indicator, along with telephone and entertainment lists are displayed. (Information displayed is dependent on optional equipment specified on vehicle.)

REAL TIME TRAFFIC INFORMATION.

Real Time Traffic Information (RTTI) collects current traffic information about motorways, main and country roads and the most important urban routes. It relays information about delays and dangers almost instantly. The best alternative routes are suggested accordingly. Traffic flows are displayed on the Navigation map using a colour coding scheme.

¹ Available as optional equipment.

SUSPENSION AND SAFETY.

■ Standard equipment □ Optional equipment

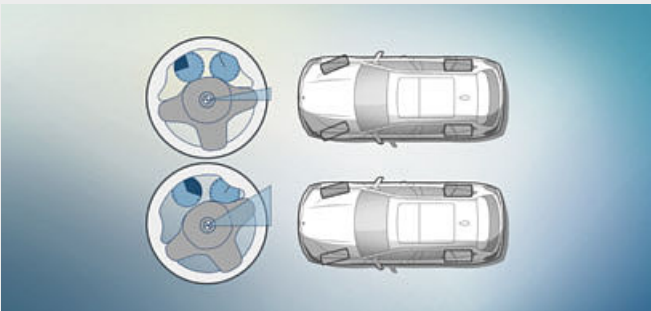

The **eight-speed Sport automatic transmission**¹ offers incredibly sporty gear changes. Whether automatic or manual using gearshift paddles or gear lever, for comfortable coasting or incredibly dynamic driving. In Sport mode and with the gear lever in the left-hand S/M position, the gear shifts are configured for maximum performance.

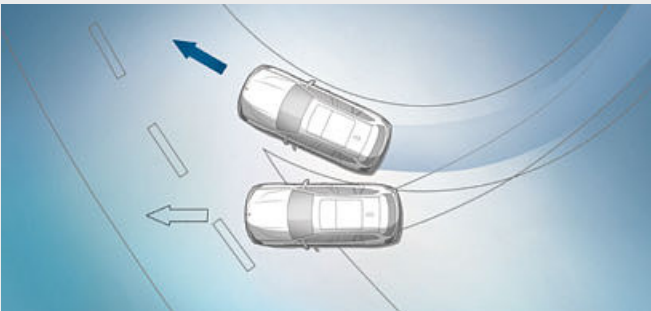

The optional **adaptive suspension**² makes it possible to adjust the damper characteristics to suit any given driving situation, increasing comfort and driving dynamics. In addition to the standard Comfort mode for increased driving comfort, Sport mode offers athletic damper settings.

The **Hill Descent Control (HDC)** in the xDrive models is a system which, when activated, ensures that the vehicle can master the steepest downhill runs automatically and safely at just above walking pace, without the driver having to brake.

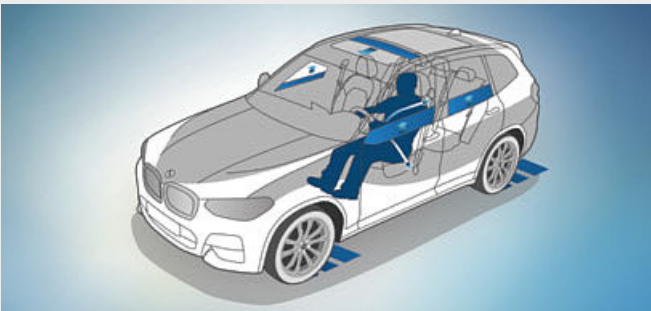

The **M Sport braking system**¹ has four-piston fixed calipers at the front and one-piston floating calipers at the rear in Blue with M designation and features large brake discs to ensure an outstanding braking performance.

□ The **Variable Sport steering**¹ with Servotronic creates a direct and agile steering response and ensures less physical effort is required to turn the wheel. It reacts to the angle of the steering wheel with varying steering ratios. This improves handling when driving more dynamically and reduces the effort needed to steer when parking and turning.

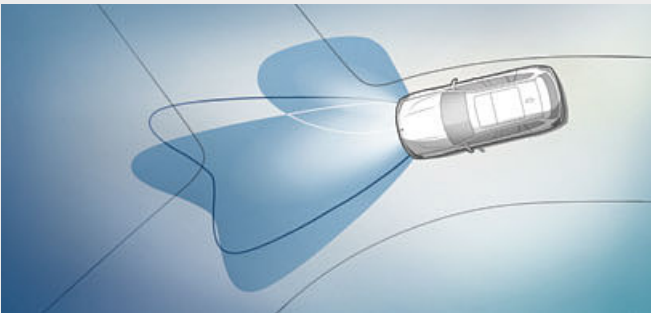

■ **Dynamic Stability Control (DSC)** permanently assesses the vehicle's movements and stabilises it using engine and braking regulation when unstable driving conditions are detected. Additional features of DSC are, for example, brake drying, braking readiness or the Hill-Start assistant, which holds the vehicle briefly in place when starting on inclines to prevent it from rolling backwards.

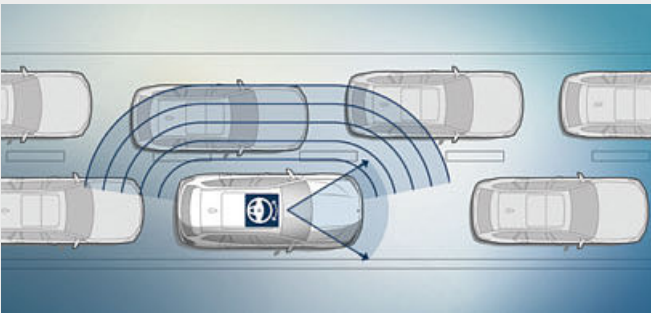

□ **Dynamic Safety** is the BMW ConnectedDrive preventive passenger protection system. Dynamic Safety warns the driver if it detects signs of tiredness. Front safety belts are pre-tensioned in critical situations, electric seats are returned to upright positions (if fitted) and the windows and sliding roof (if fitted) are closed. After an accident occurs, the brakes are automatically applied until the car reaches a standstill.

■ The extremely torsionally stiff but **light body construction** provides the basis for sporty driving dynamics, high-precision steering and agility. Additionally, it offers passengers the best possible all-round protection.

■ **LED Headlights with cornering lights** generate a bright and efficient Bi-LED light for low and high-beam headlights. The bend lighting and cornering lights with LED technology allow for adaptive light distribution with increased side illumination for city driving. The LED daytime running lights and parking lights in the light tubes of the main headlights create a distinctive feature characteristic of a BMW.

□ The **Steering and Lane Control Assistant**³ including Traffic Jam Assist can be activated to support the driver in monotonous traffic situations. At speeds of up to 130mph on all road surfaces, the system conveniently supports steering and keeps the vehicle in the centre of its lane. Steering support is possible with or without Active Cruise Control.

¹ Available as standard for BMW X3 xDrive30d, M40d and M40i models.
² Not available for BMW X3 M40d and M40i, Adaptive M suspension is optionally available instead.

³ Part of Driving Assistant Plus.

SE.

□ 18" light alloy Double-spoke style 688 wheels, wheel size 7J x 18 with 225/60 R18 tyres. (Standard for BMW X3 xDrive30d.)

■ 18" light alloy V-spoke style 618 wheels, wheel size 7J x 18, with 225/60 R18 tyres.

- Selected SE model equipment features**
- 18" light alloy V-spoke style 618 wheels (xDrive20i / xDrive20d only)
 - 18" light alloy Double-spoke style 688 wheels (xDrive30d only)
 - Active Guard
 - Adaptive LED headlights
 - Air conditioning, automatic with three-zone control
 - Ambient lighting
 - Bluetooth hands-free facility with USB audio interface (including Bluetooth audio streaming)
 - BMW ConnectedDrive Services, comprising:
 - BMW Emergency Call
 - BMW Navigation System
 - BMW Online Services (includes BMW Apps)
 - BMW TeleServices
 - Real Time Traffic Information (RTTI)
 - Remote Services
 - Cruise control with braking function
 - Drive Performance Control (ECO PRO, Comfort and Sport modes)
 - Eight-speed automatic transmission, with gearshift paddles
 - Interior trim, Black, High-gloss with Pearl Chrome finisher
 - Non-metallic paintwork
 - Parking Assistant
 - Roof rails, Satin Aluminium
 - Seat heating, front
 - Through-loading system (with 40:20:40 split-folding rear seats)

xLINE.

■ Standard equipment □ Optional equipment

■ The Sport leather steering wheel makes a particularly high-quality impression thanks to the optional galvanic embellishers shown here.

■ 19" light alloy Y-spoke style 694 wheels, Ferric Grey with run-flat tyres, wheel size 7.5J x 19 with 245/50 R19 tyres.

□ 20" light alloy Y-spoke style 695 wheels, Bicolour Orbit Grey with mixed run-flat tyres, front 8J x 20 with 245/45 R20 tyres, rear 9.5J x 20 with 275/40 R20 tyres.

- xLine exterior equipment:**
- BMW Kidney grille, Chrome with Matt Aluminium vertical slats
 - 19" light alloy Y-spoke style 694 wheels, Ferric Grey; other wheels available
 - xLine exterior styling with underbody protection
 - Exterior trim, Satin Aluminium
 - Side window surrounds, window guides and window recess finisher in Aluminium satinised, B-pillar and C-pillar in Black High-gloss
 - Side skirt trim in Aluminium matt
 - Side sills in Matt Glacier Silver Metallic

- xLine interior equipment:**
- Door sill finishers with BMW xLine designation, front
 - Sport seats for driver and front passenger
 - Sport leather steering wheel
 - Larger fuel tank
 - Interior trim, Black, High-gloss with Pearl Chrome finisher: other trims available
 - Luggage compartment loading sill in stainless steel

■ Standard equipment □ Optional equipment

■ M leather steering wheel including multifunction buttons, steering wheel rim in Black Nappa leather with contoured thumb rests.

□ The Black Vernasca leather upholstery with Blue contrast stitching also gives the interior design a dynamic accent.

- M Sport model exterior equipment:**
- M aerodynamic bodystyling
 - LED foglights, front
 - 19" M light alloy Double-spoke style 698 M wheels in Bicolour Ferric Grey with run-flat tyres; other wheels available
 - Automatic transmission
 - Roof rails, Black, High-gloss; alternatively available in Matt Aluminium
 - Exterior trim, High-gloss Shadowline; alternatively available in Satin Aluminium
 - Side exterior M designation badges
 - Exterior mirror caps in body colour
 - M Sport braking system optionally available
 - Exclusive paint in Carbon Black metallic; other paints available

■ 19" M light alloy Double-spoke style 698 M wheels, Bicolour Ferric Grey with run-flat tyres, wheel size 7.5J x 19 with 245/50 R19 tyres.

□ 20" M light alloy Double-spoke style 699 M wheels, Bicolour Orbit Grey with mixed run-flat tyres, front 8J x 20 with 245/45 R20 tyres, rear 9.5J x 20 with 275/40 R20 tyres.

- M Sport model interior equipment:**
- Door sill finishers with M designation
 - Sport seats for driver and front passenger in Vernasca leather
 - M Sport multi-function leather steering wheel
 - Headlining, Anthracite
 - Interior trim in Aluminium Rhombicle with Pearl Chrome finisher, other trims available
 - Remote control with integrated key and inset in Blue

BMW M PERFORMANCE.

The BMW X3 M40i.

Design elements exclusive to M Performance highlight the dynamic potential of the **BMW X3 M40i** both inside and out. They include features such as larger front air inlets, the Kidney grille and mirror caps in Cerium Grey. Further highlights include Sport seats, the M leather steering wheel with gearshift paddles and the exclusive M40i designation on the instruments and door sill finishers. In conjunction with the eight-speed Sport automatic transmission, the M Performance TwinPower Turbo six-cylinder in-line petrol engine in the BMW X3 M40i offers impressive dynamics thanks to its commanding performance. Fitted with a TwinScroll turbocharger, Valvetronic fully variable valve control and High-precision direct injection, it generates 354hp (260kW) and delivers maximum torque of 500Nm. The BMW X3 M40i offers outstanding precision and agility. The dynamic lateral and longitudinal characteristics are increased – and intense driving pleasure assured – thanks to comprehensive calibration of the suspension, M Performance-specific tuning of the Variable Sport steering, standard M Sport brakes and the BMW xDrive all-wheel-drive system with the emphasis on the rear wheels.

M PERFORMANCE

M Aerodynamic bodystyling underscores athleticism of the vehicle and optimises its airflow. Including a front apron with larger air inlets, special side skirts, a rear apron with a diffuser insert and finishing with quadrilateral exhaust tailpipe tips in Black Chrome.

As soon as the doors are opened, the exclusive door sill finishers with M Performance designation signal the sporting DNA of the vehicle.

Optional and exclusive to the BMW X3 M40i and M40d: 21" M light alloy Double-spoke style 718 M wheels, Cerium Grey matt, with mixed run-flat tyres, wheels size front 8.5J x 21 with 245/40 R21 tyres, rear 9.5J x 21 with 275/35 R21 tyres.

No compromise inside: the M Sport leather steering wheel and Digital Cockpit combine sporting form and function.

BMW Individual Sunstone metallic paint (M40i and M40d only) and 21" BMW Individual light alloy V-spoke style 726 I wheels (xLine and M Sport models only).

Door sill finishers with BMW Individual designation.

BMW INDIVIDUAL.

The expression of personality.

The BMW X3. Inspired by BMW Individual.

The BMW Individual Collection offers an exclusive selection of equipment options to meet each and every wish for your BMW X3.

Available for M40i and M40d, the BMW Individual paint in Sunstone Metallic captivates with its brilliance of colour and the way it shimmers between silver and nuances of gold. The finish also perfectly accentuates the elegant silhouette of the vehicle. Exclusively for xLine and M Sport models, the 21" BMW Individual light alloy V-spoke style 726 I wheels, meanwhile, underscore the powerful athleticism of the BMW X3.

Inside, the light hue of the BMW Individual Extended Merino leather in Ivory White, for M40i, creates a uniquely spacious feel. The Piano Black interior trim, also exclusively for M40i, provides a particularly elegant contrast. Characteristic door sill finishers are additional appealing highlights.

BMW Individual Piano Black interior trim, exclusively for M40i.

BMW Individual Extended Merino leather in Ivory White.

EXPERIENCE BMW INDIVIDUAL INTERACTIVE
WITH THE BMW INDIVIDUAL APP FOR iOS AND ANDROID.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

□ BMW Icon Adaptive LED Headlights include low-beam and high-beam headlights and turn indicators with full LED technology. The equipment also features BMW Selective Beam, cornering lights, daytime running lights and Adaptive headlights with variable light control for excellent illumination of the road ahead and better visibility in the dark.^{1,2}

□ The BMW X3 xLine shown in optional Sophisto Grey metallic paint with optional 20" light alloy Y-spoke style 695 wheels with run-flat tyres in Bicolour Orbit Grey.

□ Electric Panoramic glass sunroof with slide and lift functions (front), roller sunblind, a wind deflector and comfort opening function via the car's remote control.

■ The roof rails in Matt Aluminium provide the base for a multifunctional BMW roof rack unit.³

□ The acoustic glazing on the front side windows complements the acoustic glazing on the front windscreen and significantly reduces the level of noise for everyone inside the vehicle. It minimises noise created by the outside surroundings and flow of air, as well as by the engine, tyres and windscreen wipers. Music listeners and hands-free device users in particular will appreciate the difference this makes.

□ Remote backrest unlocking using the lever on the right or left seat in the rear, the angle of the respective backrest can each be adjusted up to 5 degrees forwards and 6 degrees backwards.

■ The through-loading system includes rear seat backrests which are divisible in a 40:20:40 ratio that guarantees flexibility when transporting people and objects.

□ The seat heating increases the temperature of the seat and backrest surfaces of the front seats as well as the outer rear seats. It can be individually regulated to three levels for each seat.

□ The Luggage compartment separating net can be attached behind the rear or front seats to prevent objects from falling forwards into the passenger area.

■ Rear lights with LED tail lights. Brake lights and indicators use conventional light technology.

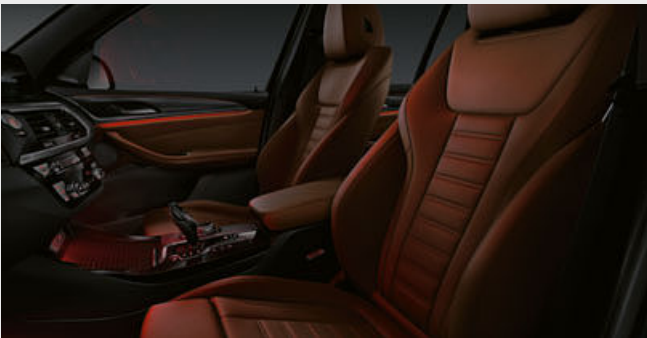

□ The towbar with electrically adjustable tow ball and trailer stability control is approved for heavy loads of up to 2,400kg.

□ The Digital Cockpit offers an impressive presentation of the gauges and other instruments. Only available with BMW Professional Multimedia Navigation system. Standard for BMW X3 M40i and M40d models.

□ BMW Individual Extended Merino leather in Ivory White, exclusively available as optional for BMW X3 M40i models.

■ Ambient lighting, including Ambient contour lighting in the front and rear doors, creates a relaxed, cosy lighting atmosphere in the interior. Ambient lighting includes illumination of the front and rear footwells, glove compartment, front seat backrests, decorative interior trim finishers, tailgate, door panel and map pockets. The Welcome Light Carpet feature illuminates the area in front of the car doors when entering and exiting. Select from six dimmable light designs in White, Blue, Orange, Bronze, Lilac and Green.

¹ Standard for BMW X3 M40i and M40d.
² Available for SE, xLine and M Sport models as part of Visibility package.
³ Optional for M Sport models.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

□ The instrument panel in Sensatec lends the interior of the vehicle a highly exclusive atmosphere. The synthetic leather is applied directly to a semi-rigid foam, and features an impressively soft surface. The wear-resistant material around the door panels on the front and rear features attractive double-lap seams.¹

□ The individually adjustable Sport seats for the driver and front passenger feature numerous manual adjustment options, including backrest width, fore-and-aft position, and the backrest and seat angle. Thanks to taller seat and backrest bolsters, and well-defined side bolsters, they provide excellent ergonomics and a high degree of lateral support.²

□ With BMW Gesture Control, certain functions can be operated by means of defined hand movements. For certain operations the system will for example recognise gestures such as 'swiping' or 'pointing' for accepting or rejecting an incoming call, or circular motions of the index finger to adjust volume.⁴

□ The full-colour BMW Head-up Display projects all information relevant to the journey directly into the driver's field of vision, thereby allowing them to fully concentrate on driving. Information such as the current speed, navigation directions, Speed Limit Info including no-overtaking indicator, along with telephone and entertainment lists are displayed. (Information displayed is dependent on optional equipment specified on vehicle.)⁵

■ Automatic air conditioning with three-zone control includes Automatic Air Recirculation (AAR) with a micro active carbon filter, as well as fogging and solar sensors.

□ Exclusive galvanic embellishers for controls such as the Start/Stop button, along with volume and temperature dials, lend a particularly high-quality look.

□ The outstanding harman/kardon loudspeaker system features a 600 watt digital amplifier, 9 channels and 16 loudspeakers with chrome detailing. Its sophisticated sound perfectly fills the interior space. Vehicle-specific, speed-dependent equalising precisely compensates for any background driving noise.

□ Parking Assistant Plus makes parking and manoeuvring the vehicle easier. It features Surround-view including Top-view, Remote 3D view, Panorama view, PDC and Park Assist with linear guidance, which parks the vehicle parallel or perpendicular automatically. The system works by measuring potential spaces while driving past at a low speed.

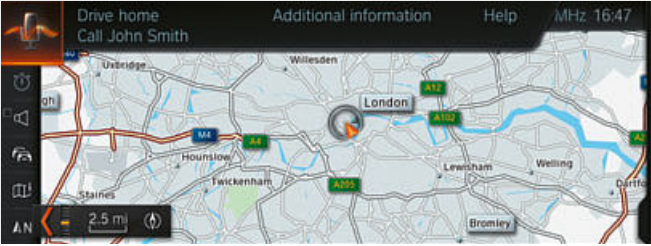

□ Driving Assistant Plus offers greater comfort and security during monotonous or complex driving situations. These can include traffic jams, stop-and-go traffic or long journeys through the city, on country roads or motorways, along with navigating junctions and lane changes.

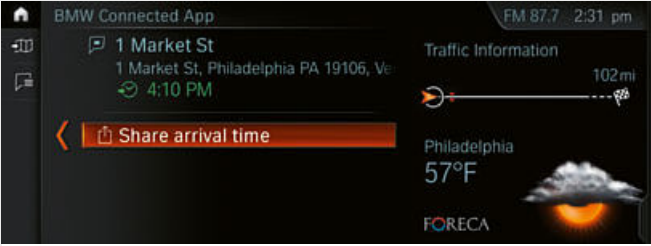

□ The BMW Professional Multimedia navigation system includes BMW Professional Radio with DVD drive, operated via Touch Display or iDrive Touch Controller.

□ Enhanced Bluetooth with wireless charging offers a comprehensive telephony package with Bluetooth connectivity and the technical capacity for a WiFi hotspot.³

□ Intelligent Voice Control understands natural speech and optimises recognition rate over a large range of individual situations thanks to offboard voice processing. It also understands linguistic varieties, dialects and jargon. This enables a substantially greater range of possibilities when dictating text messages or emails.⁴

□ With Share My Ride in Real-time, the driver can safely share his or her arrival time and current location while driving with friends, family and colleagues. The recipient receives a link to a website that displays the destination and current location of the vehicle on a map.⁴

¹ Not available for SE models.
² Standard on xLine, M Sport, M40i and M40d models.
³ For Smartphones without an inductive charging function, special charging cases are available to purchase via BMW Parts and Accessories.

⁴ Only with BMW Professional Multimedia Navigation system.
⁵ Image also shows additional optional equipment.

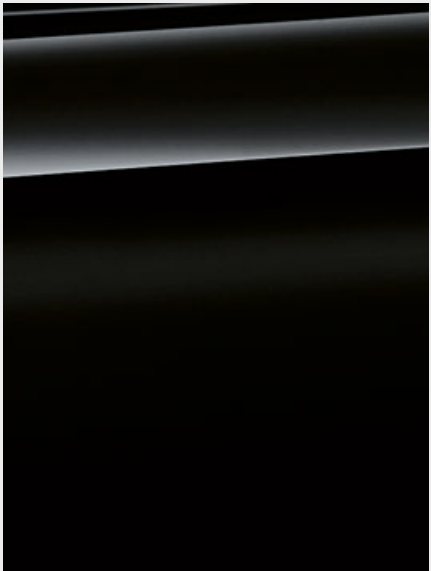

The images shown here are representative of equipment offered as individual features and are specific to every BMW. Depending on the model, the Control Display and presentation of content may differ.

EXTERIOR COLOURS.

WHEELS AND TYRES.

□ 21" BMW Individual light alloy V-spoke style 726 I wheels, Bicolour, Orbit Grey, front 8.5 J x 21 with 245/40 R21, rear 9.5 J x 21 with 275/35 R21 run-flat tyres. (Exclusively for xLine and M Sport models.)

■ 18" light alloy V-spoke style 618 wheels with run-flat tyres, wheel size 7 J x 18 with 225/60 R18 tyres. Standard for xDrive20i and xDrive20d SE models.

□ 19" light alloy V-spoke style 691 wheels with run-flat tyres, wheel size 7.5J x 19 with 245/50 R19 tyres. Optional for SE models.

□ 19" light alloy V-spoke style 692 wheels, Bicolour Ferric Grey with run-flat tyres, wheel size 7.5J x 19 with 245/50 R19 tyres. Optional for SE models.

□ 20" light alloy Y-spoke style 695 wheels, Bicolour Orbit Grey with mixed run-flat tyres, front 8J x 20 with 245/45 R20 tyres, rear 9.5J x 20 with 275/40 R20 tyres. Optional for xLine models.

□ 20" M light alloy Double-spoke style 699 M wheels, Bicolour Orbit Grey with mixed run-flat tyres, front 8J x 20 with 245/45 R20 tyres, rear 9.5J x 20 with 275/40 R20 tyres. Optional for M Sport models. Standard for BMW X3 M40d and M40i models.

GENUINE BMW ACCESSORIES.

■ Standard equipment □ Optional equipment ○ Accessories

○ This contemporary **BMW Roof box** in Black with titanium silver side trims has a 520-litre capacity and fits all BMW Roof rack systems. It can be opened from both sides and features triple central locking on each side which makes it easy to load and provides anti-theft locking. BMW Roof boxes in other sizes are also available.

○ The **Rear Bike Carrier** is lightweight yet sturdy and can carry up to 60kg. Exceptionally easy to use, it carries two bicycles or e-bikes. Its tilt function also allows easy access to the luggage compartment at all times.

○ The premium-quality **20" light alloy wheels Y-spoke style 695** are in Matt Black. Complete summer wheel set with mixed, run-flat tyres. Also available as a complete winter wheel set.

○ **All-weather floor mats:** for precisely fitting protection against moisture and dirt in the front footwells. In Black, the mats are a perfect match with the interior.

○ **BMW Roof Bars** allow you to carry a number of items on the roof of your car, including roof boxes and bike carriers.

○ Wireless charging case: for inductive charging of the Apple iPhone™. The case also doubles as a protective cover.

○ **Fitted luggage compartment mat:** anti-slip, water-resistant, durable mat for protecting the luggage compartment from dirt and moisture. In black and with an X3 stainless steel inlay for a perfect match with the interior.

BMW X3 M40i.

BMW M Performance TwinPower Turbo six-cylinder in-line petrol engine, 354hp (260kW), 21" BMW M light alloy Double-spoke style 718 M wheels, Cerium Grey with mixed tyres, Phytonic Blue metallic paint, Sport seats for driver and front passenger in Vernasca leather upholstery in Cognac with contrast stitching, Aluminium Rhombicle interior trim with Pearl Chrome finisher, instrument panel in Sensatec.

The models illustrated in this catalogue show the equipment and configuration options (standard and optional) for vehicles produced by BMW AG for the German market. Alterations in standard and optional equipment and the configurations available for the different models, as described in this brochure, may differ at the time of printing, or according to the specific requirements of other markets. Your local BMW Retailer is available to provide further details. Subject to alteration in design and equipment. Part number 01 29 2 466 884 V1. May 2019.
