Supplementary Owner's Handbook

Congratulations on your choice of a BMW.

The better you are acquainted with your vehicle, the easier you will find it is to handle. We would therefore like to offer you the following advice:

Please read the Owner's Handbook before setting out in your new BMW. Also use the integrated Owner's Handbook in your vehicle. It contains important notes on how to operate the vehicle, enabling you to derive maximum benefit from the technical advantages of your BMW. It also contains useful information which will help you to uphold both your BMW's operating safety, road safety, and its full resale value.

This Supplementary Owner's Handbook contains information on Online Entertainment.

We wish you a safe and enjoyable journey,

BMW AG

Online Entertainment

General

This Owner's Handbook describes all the online music services and all national versions of Online Entertainment. The Owner's Handbook therefore also describes and shows functions that might not be in your vehicle, e.g. due to the selected online music service or the national version.

Notes

- ▷ The range of functions and operation in "Online Entertainment" may differ from the applications of the online music service.
- ▷ Music stored in the vehicle cannot be transferred to another data storage medium.
- ▷ When the vehicle memory is full, tracks that are stored in the vehicle but have not been played for some time are automatically deleted from the vehicle memory.
- ▷ If the online music service is accessed using a computer or a mobile user device, playlists can be created and edited in the online music service. These playlists can be played in the vehicle.
- ▷ In countries where no roaming is supported, no new content can be downloaded.
- ▷ The preliminary licence for the online music service and data flat rate have a limited validity period.
- ▷ Online content can only be accessed with an established online connection.
- ▷ If Online Entertainment is used offline, the login is only valid for 30 days.

Requirements

- ▷ ConnectedDrive.

- ▷ Registration with preliminary licence account.
- ▷ Mobile communications network available for online functions.

Principle

An online music service can be accessed via Online Entertainment in iDrive.

In the online music service, tracks can be searched for and downloaded. Played tracks are automatically stored in the vehicle and are also available without an established online connection.

Symbols

Symbols in Online Entertainment provide information on the content or display the system status:

Symbol	Meaning
	Available download.
	Content not suitable for juveniles.
	Downloading track.
	There is an online connection.
	Limited online connection.
	No online connection. Local music search is possible.

WARNING

Operating integrated information systems and communication devices while driving can distract your attention from the traffic sit-

uation. This may cause you to lose control of the vehicle. There is a risk of accident.

Only operate the systems or devices when the traffic situation is such that you can do so safely. If necessary, pull over and operate the systems or devices with the vehicle at a standstill. ◀

Log on

The first time you log on, the preliminary licence account has to be registered.

1. "Media/Radio"
2.  "Online Entertainment"

There are a number of possibilities to log on:

- ▷ Register preliminary licence account.
- ▷ Log in with existing account.

Register account

To register, use a preferred valid and accessible e-mail address. The e-mail address entered is used as a voucher.

With the registration, Online Entertainment is enabled and a user account is set up at the online music service.

On registration, an existing account can be specified.

The preliminary licence account is part of Online Entertainment and is valid from the registration date onwards for a certain period of time. It includes a contract with the online music service and a data flat rate valid for selected countries.

If an existing account is specified on registration, payments to the online music service are suspended for the duration of the preliminary licence.
