

CLOTHING SIZE CHART

Unsure which size to buy? Use our handy size charts below to work out which size is best for you. Please note some items may appear tighter/looser due to different fits.

Neck: Measure around the base of your neck, inserting your forefinger between the tape and your neck to allow ease in fit.

Chest: Measure around the fullest part of your chest, keeping tape firmly under your armpits and around your shoulder blades.

Waist: Measure around your waist, slightly below your natural waist, where you normally wear your pants. Insert your forefinger between the tape and your body to allow ease in fit.

Hip: Measure around the fullest part of your hips, inserting your forefinger between the tape and your hip to allow ease in fit.

Fitting tip:

If you are on the borderline between two sizes, order the smaller size for a tighter fit or the larger size for a looser fit. If your measurements for chest/bust and waist correspond to two different suggested sizes, order the size indicated by your chest/bust measurement.

MEN / UNISEX

Many of our t-shirts, jackets and hoodies are unisex and therefore suitable for men and women. Please use the size chart below to help determine the size you need.

Size	EUR size	Chest (cm)	Waist (cm)	Hip (cm)
